Las molduras y los productos de madera aserrada han sido elementos arquitectónicos importantes desde los primeros días de la construcción residencial y comercial. Este *MMPA Millwork Manufacturing Directory* (Directorio de fabricación de productos de madera aserrada de la Asociación de Fabricantes de Molduras y Productos de Madera Aserrada) muestra ejemplos de molduras y productos de madera aserrada de la *American Softwoods* (Maderas de coníferas de EE. UU.) producidos por fabricantes estadounidenses junto con la *American Softwoods Species Guide* (Guía de especies de maderas de coníferas de EE. UU.). Puede dirigir sus consultas directamente a los fabricantes incluidos en este folleto o puede usar el código QR en la contraportada para llegar al sitio web de la MMPA (Asociación de Fabricantes de Molduras y Productos de Madera Aserrada) y obtener ayuda.
